

## A Europe of Citizens

We care deeply about political developments in Europe. We are concerned about anti-European tendencies in many European Union member states, and see these reflected in national elections. In order to face these challenges, Europe needs deeper integration and solidarity amongst its member states. We must come together to preserve and further the unity of Europe. The future of a united Europe lies with its inhabitants. We want a Europe of citizens

## What we are planning?

After the forced break by the Coronapandemic, **Europa-Union Kassel e.V.** and **Pulse of Europe Kassel** invite you to attend the second European Citizens' Meeting (EBB), taking place from 01. - 04. September 2022. Lord Mayor Christian Geselle will be chairman of the event.

People from all the EU member states are warmly welcome. We want to try out new ways of communicating and sharing our experiences. We believe Europe needs to increasingly grow from the bottom up. People meet people – that's the idea behind if we EU citizens get to know each other better, the necessary trust and willingness for solidarity will emerge.

Let's meet up, exchange ideas and have fun. Participants traveling to Kassel will be accommodated in host families.

## Join in

Join in If you want to participate in the workshops, support us as an interpreter or host family, help organise this event or simply would like further information, please do not hesitate to contact us. We would also be pleased to receive further **workshop offers**.
